Wireless device charging

Seamlessly tops up your phone's battery life, providing complete convenience.

CONVENIENCE

Keyless Entry

Keyless entry allows you to lock and un-lock your vehicle without pressing a button. Simply approach the vehicle with the key fob in your pocket or bag, and unlock and disarm the vehicle using the door handle. One press of the start button and the engine starts up. When leaving the vehicle, you can simply lock by pressing the button on the door handle, or by using the key fob.

†The figures provided are NEDC2 calculated from official manufacturer's WLTP tests in accordance with EU legislation with a fully charged battery. For comparison purposes only. Real world figures may differ. CO2, fuel economy, energy consumption and range figures may vary according to factors such as driving styles, environmental conditions, load, wheel fitment and accessories fitted. NEDC2 are figures calculated using a Government formula from WLTP figures equivalent to what they would have been under the old NEDC test. The correct tax treatment can then be applied.

††VIEW WLTP FIGURES

The figures provided are as a result of official manufacturer's tests in accordance with EU legislation with a fully charged battery. For comparison purposes only. Real world figures may differ. CO2, fuel economy, energy consumption and range figures may vary according to factors such as driving styles, environmental conditions, load, wheel fitment, accessories fitted, actual route and battery condition. Range figures are based upon production vehicle over a standardised route.

‡If vehicle is fitted with 18" wheels the top speed will be 221km/h (137mph).

◇If vehicle is fitted with 18" wheels the top speed will be 221km/h (137mph). If vehicle is fitted with 21" wheels the top speed will be 231km/h (143mph).

‡‡When combined with electric motor.

△Includes a 75kg driver, full fluids and 90% fuel.

▲Includes full fluids and 90% fuel.

◆Roof carrying load reduced to 60kg when Summer Tyres are fitted.

◇Dry: Volume as measured with VDA-compliant solid blocks (200mm x 50mm x 100mm).

◆Wet: Volume as measured by simulating the loadspace filled with liquid.

±Figures are representative of seats fully forward and not tilted.

Weights reflect vehicles to standard specifications. Optional extras increase weight.

Important note on imagery & specification. We are living through exceptional times. Due to the Covid pandemic we have been prevented or delayed in the creation of new images of current model years. Now the global impact of micro-chip shortages is further affecting build specifications, options and launch timings. Until this unique event settles, please note that **any images cannot be updated to 22/23/24 model year specifications**. Features, options, trim and colour schemes will differ from many images. Customers are urged to consult your local Retailer for detailed 22/23/24 model year specifications and do not base an order on marketing imagery and specification alone.

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually, and we reserve the right to change without notice. Some features may vary between optional and standard for different model years. The information, specification, engines and colours on this website are based on European specification and may vary from market to market and are subject to change without notice. Some vehicles are shown with optional equipment and retailer-fit accessories that may not be available in all markets. Please contact your local retailer for local availability and prices.
