Performance Without Equal

Designed and Engineered with
Ford Performance DNA.

At the heart of the Next-Generation Ford Ranger Raptor is an engine with performance and durability unmatched by any Ranger. Made from graphite-iron, the engine features a race-bred anti-lag system to deliver rapid boost on demand.

Designed for the Bold

The Next-Generation Ford Ranger Raptor makes no room for subtlety.

C-Clamp Matrix LED Headlights

Compact yet powerful new C-Clamp LED Headlights provide more light and generates less heat, saving you battery power and fuel.

Signature Ranger Raptor Grille

Big block F-O-R-D letters, joined by dark accent Matrix LEDs, chassis mounted bumper and super alloy skid plate emphasises the width of the Next-Generation Ford Ranger Raptor, making its presence known wherever you go.

Ready to Serve Your Every Command

Interior of the Ford Ranger Raptor takes a large technological leap, offering unprecedented control in comfort.

Front and Rear Performance Seats

Jet fighter-inspired sports seats in both front and rear provide comfort and support during every climb and corner.

12.4-Inch Digital Cluster

Performance views. Off-road status tracking. Whatever your view command, the Digital Cluster monitors, and reports all in real-time, through a simple elegant interface.

12-Inch Digital Touchscreen

Apple CarPlay®

Android Auto™

Stay connected to everything via Apple CarPlay®, Android Auto™, or your own WiFi hotspot with the latest SYNC® 4A interface.

Bang & Olufsen® Sound System

Delivers superior audio quality in every journey.
